

Advantages:

- strongly loadable full plastic sliding bearing with additional bearing bush to avoid corrosion
- enhancing strap of stainless steel
- wobble riveting: avoids sharp burrs at the rivet head
- marking 14 (mm rope-Ø) in the enhancing strap
- cheek parts of high quality UV-resistant plastic
- sheaves 70 x 18 mm of high quality UV-resistant plastic
- bow/swivel riveted for solidity reasons
- low weight
- Made in Germany
- excellent price/performance ratio

			mm	art.-no. with bow	art.-no. with swivel	
1	1 sheave, bow		70 x 18 plastic	35250 104 55	207	
2	1 sheave, swivel		70 x 18 plastic			35250 204 55 301

Advantages:

- strongly loadable full plastic sliding bearing with additional bearing bush to avoid corrosion
- enhancing strap of stainless steel
- wobble riveting: avoids sharp burrs at the rivet head
- marking 14 (mm rope-Ø) in the enhancing strap
- cheek parts of high quality UV-resistant plastic
- sheaves 70 x 18 mm of aluminum hard anodised
- bow/swivel riveted for solidity reasons
- low weight
- Made in Germany
- excellent price/performance ratio
